My essence in a sentence

I hold space for possibility focused leaders as you enhance your Response Ability.

The one-thing I can't not do this quarter
Host and present sparkenation conversations as part of peer groups, workshops and events with guest sage/s, as well as We Need To Talk episodes, one-off service, and possibly Wise Leaders Retreats.

Why this is meaningful to me.
It's work that I love to do the most.

How this is valuable for other people
People are inspired, energised and equipped to be the best humans they can be in their own best way.

Human Being Fully Alive (Law of the Farm Principle In Action pages 63 - 77 PDF version of Changing What's Normal)

1. Accepting and radiating love (spiritually alive, the fertile ground).

2. Believing in my value (emotionally healthy, the ploughing).

3. Demonstrating my value (mentally alert, the seeding), (events, videos, podcasts, posts and articles), **and distributing my value** (Blog, LinkedIn, YouTube, Libsyn, Spotify, Amazon, Audible).

4. Inviting qualified people to take action (physically active, the nurturing), subscribe to newsletter, be our guest at peer group gathering, undertake complimentary Wise Leaders Workshop.

5. The clients and work, and therefore the lifestyle I want (universally aware, the Harvest).
